A.10 Give details of the applicable conditions and time periods governing any resolutions of the General Shareholders' Meeting to issue, buy back and/or transfer treasury stock.

The General Shareholders' Meeting held on April 13, 2016, under item 8 on the agenda, authorized acquisition and transfer transactions within five years of said resolution.

The resolution was approved with a total of 267,670,006 votes representing 98.7984%, of share capital in favor, 3,238,686 votes representing 1.1954% of share capital against, 15,555 abstentions representing 0.0057% of share capital and 1,245 blank votes representing 0.0005% of share capital.

The content of the resolution adopted is as follows:

1. To authorize the Board of Directors of Mediaset España Comunicación, S.A. in accordance with the provisions of Section 146 and following of the Companies Act currently in force, to proceed, to the extent they consider this appropriate under the circumstances, to buy back shares of the company by any means, subject to the following limits and requirements:
 - a) The shares may be acquired by purchase or any other form of transfer for good and valuable consideration.
 - b) The nominal value of the company shares acquired and the shares already owned, shall not exceed 10% of the share capital, or the legally-established maximum amount.
 - c) Shares acquired shall be free of all encumbrances or charges, totally paid up and not subject to any other obligation.
 - d) The minimum purchase price of the shares shall not be less than their nominal value, and the maximum price shall not exceed one hundred and twenty per cent (120%) of their listed value on the purchase date.
 - e) Effective period of the authorization: Five (5) years starting from the date of the present agreement.
 - f) These transactions shall furthermore be carried out in compliance with the relevant rules contained on the matter in the Company's Internal Code of Conduct.
2. Void the authorization agreed regarding this matter at the General Shareholders' Meeting held on April 15, 2015 in the unused amount.
3. Authorize the Board of Directors to:
 - (i) allocate, totally or partially, the own shares acquired to the execution of remuneration programs that have as their object or suppose the delivery of shares or option rights over shares, or are based in any way on the evolution of the stock price of the action, in accordance with the provisions of article 146.1. a) of the Companies Act; and/or
 - (ii) sell them; and/or
 - (iii) redeem them with a decrease in share capital.

The Board of Directors is delegated with the broadest powers with regards to redeeming shares acquired within the scope of this agreement, as well as the related capital decrease, to delegate all the powers necessary to any of its members and the CEO and the Board secretary to carry out the capital decrease in one or several occasions, within a maximum period of five years commencing when this agreement is approved, including but not limited to:

- a) the power to establish the exact amount of the decrease, which may never be higher than the nominal value of shares acquired with the scope of this agreement;
- b) determine the specific amount of treasury shares to be redeemed;
- c) establish the decrease date/dates;
- d) execute the capital decrease as considered appropriate, establishing applicable regulations on creditors' right of opposition as set forth in Article 335 c) of Companies Act, and carry out the necessary steps to meet applicable legislation in this regard;
- e) amend Article 5 of the Articles of Association to reflect the new share capital figure as well as number of Company shares;
- f) publish corresponding announcements;
- g) appear before the Notary of choice to issue the corresponding capital decrease, granting notary instruments, including any deeds to correct, complement, or clarify them to obtain the capital decrease inscription at the Commercial Registry, and where applicable, request partial inscription;
- h) send all pertinent announcements regarding the capital decrease to competent regulatory authorities, including notification to the CNMV to file the necessary paperwork and present any required documentation with competent authorities so that once the Company shares have been redeemed, and the capital decrease deed filed with the Commercial Registry, resulting in the exclusion from trading of the shares on the Madrid, Barcelona, Bilbao, and Valencia stock exchanges through the Spanish Stock Market Interconnection System (Continuous Market). Cancel the corresponding accounting registers, and take any steps necessary to ensure full effectiveness of the capital decrease agreement in the eyes of any Spanish or foreign public/private bodies, including the declaration, complement, or correction of defects or omissions which might block or impede the full effectiveness of the capital decrease agreement.

B GENERAL SHAREHOLDERS' MEETING

B.1 State and, if applicable, detail whether there are any differences from the regulations on the minimum provided for by the LSC regarding the quorum necessary to hold the General Shareholders' Meeting.

Yes
 No

	% of quorum different from that established in Section 193 of the LSC for general cases	% of quorum different from that established in Section 194 of the LSC for special cases under Section 194 of the LSC
Quorum required on 1st call	50.00	0.00
Quorum required on 2nd call	0.00	0.00

Description of differences

According to Mediaset's Articles of Association, the General Meeting shall be validly convened with the attendance, either personally or by proxy, of at least fifty per cent of share capital subscribed and with voting rights, rather than the twenty-five per cent required in the LSC.

The percentages required in second call in the Articles of Association are the same as in the LSC.

The quorum required on the first and second call for the General Shareholders' Meeting to validly agree on the issuance of obligations, a capital increase or reduction, transformation, merger or spin off of the Company and, in general, any modification to the Articles of Association (Section 194 of the Companies Act).

- Yes
 No

B.3 Indicate the rules governing amendments to the company's Articles of Association. In particular, indicate the majorities required to amend the Articles of Association and, if applicable, the rules for protecting shareholders' rights when changing the Articles of Association.

To make any amendments in the Articles of Association deemed to be called and validly constituted, attendance on first call shall be necessary of shareholders, whether present or represented, possessing at least fifty-percent (50%) of the subscribed capital with voting rights. During second call, any percentage of subscribed capital will be considered valid.

Should the shareholders be called to a general meeting to discuss modifications of the Articles of Association, during first call, at least fifty (50%) percent of attendance will be necessary of shareholders of subscribed capital with voting rights. On second call, attendance of twenty-five (25%) percent of such capital shall be sufficient.

In addition, when proposals have been submitted to amend the Articles of Association, shareholders receive a report explaining the proposed amendments drawn up by the Board of Directors. No proposals to amend by the Articles of Association have been made to date that would be detrimental to any class of shares. In the event such proposals are made, the measures set out in the law to protect shareholders' rights would apply.

B.4 Provide the following figures on attendance to the General Shareholders' Meetings held during the year covered by this report and the previous year:

MR ALEJANDRO ECHEVARRÍA BUSQUET	Holds this category because he held his position as independent director for a period of 12 years, after which he joined the group of other external directors.	MEDIASET ESPAÑA COMUNICACIÓN, S.A.	Born in Bilbao 1942, he holds a degree in Business Administration from the Technical College of San Sebastián (Deusto University). As Chairman of Mediaset España's (formerly Gestevisión Telecinco) Board of Directors, a position he has held since May 1996, he is the head of the company and this professional stage also coincides with the most important development in the history of the company: for being a pioneer in implementing digital technology in television (drafting the Telecinco News 1998), for being courageous when facing the changes and evolution of content in line with the audience preferences, for having been effective when commercially managing through its subsidiary Publiespaña, for having carried out the most successful launch of a company on the stock in the sector. A combination of factors that have led to Telecinco being the most watched channel in Spain in the last five years and one of the most profitable networks across Europe. Before making his brilliant entry into the field of mass media, he held various management positions in automotive and appliance companies and it was from 1980 when he was appointed CEO of the El Correo Español - El Pueblo Vasco, a daily newspaper in which he undertook a major technological renovation and

			<p>publishing plan, first becoming Grupo Correo (afterwards known as Grupo Correo-Prensa Española) and currently Grupo Vocento, one of the three leading multimedia groups in Spain with interests in national press (ABC) regional, radio, Internet and audio-visual production. He is currently a board member of El Diario Vasco, El Diario Montañés and Diario El Correo newspapers and companies such as Endesa, and CVNE. He was also president of the Union of Commercial Television Partners (UTECA) until March 2011 a position he resumed in May 2016 to December 2018. He is Vice President of the Deusto Business School and patron of the Help against Drug Addiction Foundation and Patron of honour of the Novia Salcedo Foundation. He is also the Vice Chairman of CONR (Socially Responsible Public Procurement Forum). He was previously a Board Member of the Broadcast Justification Office (OJD), Chairman of SAPISA (Independent Press Auxiliary Services), Colpisa Agency and the Association of Newspaper Editors of Spain (AEDE). He had also been Chairman of the Associate Editors for Independent Television S.A. (TEVISA) and he was a Board member of Antena 3 Television (1988-1994). He was also a Board member at the University of Deusto. His professional work has been recognized with several awards, among which are the Best Basque Businessman (1998), Best Business Management (Future magazine 1998), Company Value Award in Mass Media (Organizing Committee of Company Values, 2000), winner of Jaime de Cordelles (ESADE, 2001), Miguel Moya (APM 2009) and Ilustre de Bilbao (Bilbao City Council 2009), the Aster Communication award in 2013 and Ramon Rubial for his Professional Career in 2014.</p>

C1.5 State whether the company has diversity policies in relation to the company's Board of Directors on such questions as age, gender, disability and training and professional experience. Small and medium-sized companies, in accordance with the definition set out in the Accounts Audit Law, will have to report at least, on the gender diversity policy that they have implemented.

Yes

No

Partial Policies

Should this be the case, describe these diversity policies, their objectives, the measures and way in which they have been applied and their results over the year. Also state the specific measures adopted by the Board of Directors and the Appointments and Remuneration Committee to achieve a balanced and diverse presence of directors.

In the event that the company does not apply a diversity policy, explain the reasons why.

Description of policies, objectives, measures and how they have been implemented, including the results achieved
--

Among its objectives, Mediaset España has established the active promotion of diversity within the Company, its Group and its governing bodies, mainly in the Board of Directors and its delegated Committees.

Diversity is understood in its broadest sense, encompassing, in an exemplary and non-exhaustive manner, aspects such as age, gender, disability and professional training and experience.

The Company's commitment to diversity extends to the employees and collaborators as well as to the members of the Board of Directors, trying to promote equality and diversity in all areas of the company.

Both the rules of governance and the internal procedures of Mediaset España and its Group, transversely guarantee the principle of diversity, thus guaranteeing its most effective promotion and compliance.

Mediaset España's diversity and inclusion policy is based on the following:

PRINCIPLES OF ACTION

Compliance with current legislation on diversity and inclusion and adoption of the best corporate governance guidelines and practices in this area, both nationally and internationally.

Promoting measures to ensure equal opportunities and prevent any discrimination in the selection process of both members of the Board of Directors, its committees, as well as the workforce of the Company and its Group

Promotion of corporate strategies that allow for the training of female talent, promoting the development of activities aimed at achieving them.

Periodic review of the activities carried out, so as to identify the potential weaknesses and points of improvement, in order to prevent, mitigate and correct their impact.

Using the Mediaset España Group's audio-visual resources to raise awareness and sensitize the audience on the importance of respect and compliance with diversity.

The commitment to respect and promote diversity and inclusion is extended to the chain of suppliers

As a result of the aforementioned diversity policy and in view of the vacancies that existed on the Board of Directors, the Appointments and Remuneration Committee promoted the appointment of women to reach the 30% quota of female presence on its Board of Directors; This objective was met in 2018 with the appointment of 4 female directors who represent this percentage.

C1.6 Explain the measures taken, if applicable, by the Appointments Committee to ensure that the selection processes are not subject to implicit bias that would make it difficult to select female directors, and whether the company makes a conscious effort to search for female candidates who have the required profile:

Explain the measures

The Appointments and Remuneration Committee monitors the implementation of the diversity policy when board members are appointed. In this regard, a list of women who meet all the requirements to be appointed as members of the Board of Directors of the Company has been provided. In 2018 4 women were appointed as board members.

When, despite the measures taken, there are few or no female directors, explain the reasons:

Explain the reasons

At the end of the year, the number of female directors represents 30% of the total number of directors.

C.1.7 Explain the conclusions reached by the appointments committee on the verification of compliance with this board member appointment process. Specifically, indicate how these policies will assist in reaching the 2020 goal that at least 30% of Board members be female.

Following the appointments approved by the General Meeting held in the year 2018, following the recommendations of the Appointments and Remuneration Committee, the number of female directors represents 30% of the total number of members of the Board of Directors.

C.1.8 Explain, if applicable, the reasons why proprietary directors have been appointed upon the request of shareholders who hold less than 3% of the share capital:

C.1.12 State and explain whether the company has established rules on the number of Boards of Directors in which its directors may participate:

YES

NO

Explanation of rules

In compliance with the recommendations of the Spanish National Securities Commission (Comisión del Mercado de Valores) included in the Unified Good Governance Code, the Board of Directors of Mediaset España has certain rules regarding the number of directorships its board members can hold to ensure that they dedicate the appropriate amount of time and effort to discharge their duties effectively.

In this respect, the Board of Directors has different rules according to the type and characteristics of each category of director. The rules are more restrictive for executive and proprietary directors. The number of directorships they can hold is lower than that of other classes of directors, as is the number of directorships they can hold in other Mediaset Group companies.

Limits to the number of directorships independent directors can hold varies depending on whether they are proprietary, executive or other independent directors.

Directors undertake to apprise Mediaset España of any appointment or change in information previously notified to the Company as soon as possible.

C.1.15 State whether there has been any modification to the Regulations of the Board of Directors during the year:

YES

NO

C.1.16 Indicate the procedures for appointing, re-electing, evaluating and removing directors. List the competent bodies, procedures and criteria used for each of these procedures.

In the procedures for selecting, appointing, re-electing, evaluating and removing directors established in the Articles of Association, the Regulations of the Board of Directors and the Rules of the Appointments and Remuneration Committee, the competent bodies are: the General Shareholders' Meeting, the Board of Directors, and the Appointments and Remuneration Committee.

Appointment and re-election:

- A director need not be a shareholder of Mediaset España.
- Directors, including independent directors, are appointed for a maximum term of 12 years.
- The Chairman of the Audit Committee and of the Appointments and Remuneration Committee may hold office for a maximum of four (4) years.
- The number of board members is determined at the General Shareholders' Meeting and currently stands at 13.
- The following may not be appointed directors: (i) companies, either foreign or domestic, in the audiovisual sector competing with the Company and their administrators or senior managers, except where such companies are part of the same group to which Mediaset España belongs, (ii) any person falling under any other incompatibility or prohibition regulated under general provisions.
- The appointment and termination of the Secretary and Vice-secretary must be preceded by the corresponding report from the Appointments and Remuneration Committee and must comply with the definitions contained in the Articles of Association and the Regulations of the Board of Directors.
- The Appointments and Remuneration Committee is required to ensure that the selection procedures for filling new vacancies do not result in an obstacle for the selection of female directors.

The procedure for the appointment, selection, re-election and removal of Mediaset España's directors is initiated in the Appointments and Remuneration Committee. Article 5 of the Regulations establishes the obligation by the Appointments and Remuneration Committee to:

- Protect the integrity of the selection process for directors and senior executives, defining the profile (knowledge, experience and skills) of the candidates and in particular, making proposals to the Board with regard to the appointment and removal of Directors, either by co-optation, at the proposal of the Board to the General Shareholders' Meeting, and proposing to the Board which members should belong to each of the Committees. In the case of independent directors, the appointment shall be made upon proposal by the Committee.
- Advise the Board of Directors on the succession of the Chairman and Chief Executives of the company, formulating the suggestions it deems pertinent.
- Inform the Board of Directors of the appointment and termination of Mediaset España's senior managers.
- Inform the Board of Directors of matters of gender diversity, assuring that new selection procedures initiated upon the event of new vacancies do not hinder the selection of female directors. The Committee shall furthermore motivate the company to search for and include in the list of candidates women who meet the professional profile sought.
- Advise the Board of Directors on the removal and propose the appointment of the Secretary and, if applicable, the Vice Secretary.

Once the report is prepared, the Appointments and Remuneration Committee submits its proposals to the Board of Directors. As such, proposed appointments of directors submitted to the General Shareholders' Meeting by the Board of Directors and decisions adopted by the Board with regard to appointment, by virtue of its powers of co-optation, shall be preceded by the corresponding report from the Appointments and Remuneration Committee. In the event the Board decides not to follow the recommendations of the Appointments and Remuneration Committee, it shall state its reasons for this decision, leaving them recorded in the minutes.

In this regard, the Board of Directors and the Appointments and Remuneration Committee, to the extent of its competencies, shall ensure that candidates proposed to the General Shareholders' Meeting are individuals of recognized solvency, competence and experience, especially in the case of independent directors. In any event, a description of the professional experience of the candidates is required, emphasizing the circumstances that justify their appointment as independent.

The Board of Directors shall assure that external or non-executive directors represent a majority over executive directors, and further that the Board includes a reasonable number of independent directors. The Board shall likewise assure that the majority group of external directors includes independent directors and proprietary directors.

The final decision to appoint and remove directors rests with the General Shareholders' Meeting, ensuring appointment by the proportional system described in the Corporate Enterprise Act, at the proposal of the Board of Directors and subject to a report and advice from the Appointments and Remuneration Committee. Mediaset's Articles of Association do not envisage qualified majorities.

Termination of directors:

In addition to cases set by law, directors shall tender their resignation to the Board of Directors in the cases listed in section C.1.21 below of this report.

In this case, the competent bodies and procedures are similar: removal begins with the Appointments and Remuneration Committee, then the Board of Directors steps in and finally the matter is taken to the General Shareholders' Meeting.

C.1.17 Explain to what extent the annual Board evaluation has prompted significant changes in its internal organization and the procedures applicable to its activities:

Describe the modifications

The Board of Directors' self-assessment procedures, Audit and Compliance Committee, and Remuneration Committees were punctually carried out in 2018. As mentioned in previous years, the self-assessment procedure was devised by the Remuneration and Appointments Committee, based on the preparation of a questionnaire responded to by the Board members.

The annual evaluation process of the Board of Directors has not led to significant changes due to the improvement process that has been carried out for several years.

Describe the evaluation process and the areas evaluated by the board of directors assisted, where applicable, by an external consultant, regarding the operation and composition of the board and its committees and any other area or aspect that has been subject to evaluation.

Description of the evaluation process and areas evaluated

The annual evaluation of the Board of Directors and the Company's Committees is added to the one that has been carried out on Mediaset España's CEO, thus complying with the legal regulations and with the recommendations of corporate governance. All the directors participated in the evaluation.

The Appointments and Remuneration Committee supervised the preparation of a yearly self-evaluation form for the Board of Directors and its Committees.

This was proposed by the Board of Directors for approval, and subsequently, was shared with each and every board member for completion during a period granted for that purpose.

After completion, the form was sent to the Secretary to the Board of Directors who, based on the evaluations reflected in each of the forms, prepared a final report which anonymously revealed the Board member evaluations as well as comments on any issues they had deemed convenient.

In order to define the points that were to be evaluated, a selection was made of the main aspects related to the functioning of the Board of Directors, to which a valuation system has been applied. In this regard, and in relation to the Board of Directors, up to a total of 12 different points related to its operation have been evaluated.

The scheme followed for Committee evaluations is similar to that for Board meetings: key points were defined and rated with regard to how meetings are carried out and function, as well as roles performed.

As regards the evaluation of the Company's CEO, as in previous years, the Appointments and Remuneration Committee was in charge of his performance evaluation.

The evaluation of the first executive of the company as it has been happening in previous years, has been led by the Appointments and Remuneration Committee, responsible for evaluating its performance.

C1.18 Breakdown, those exercises in which the evaluation has been assisted by an external consultant, the business relationships that the consultant or any company of its group maintains with the company or any company of its group.

No external consultant participated in the evaluation carried out in 2018.

C.1.19 Mention the circumstances in which directors are required to resign.

Directors shall tender their resignation to the Board of Directors and the Board shall accept their resignation if deemed appropriate in the following situations:

- (a) When they reach 85 years of age. Their removal as director and resignation from their position shall occur during the first meeting of the Board of Directors held after the General Shareholders' Meeting which approves the financial records for the financial year in which the director reaches said age;
- (b) When they have been removed from the executive positions associated with his appointment as director;
- (c) When they are affected by any of the applicable conflicts of interest or prohibitions;
- (d) When the Appointments and Remuneration Committee issues a serious warning for infringing their obligations as directors;

- (e) When their continuation on the Board may directly, indirectly, or through persons associated with them jeopardize the loyal and diligent exercise of their duties and might exert a negative effect on Mediaset España's credit and reputation.
- (f) Where the shareholder represented by them wholly sells or reduces its shareholding in Mediaset España below the relevant threshold; in this case, the number of resignations shall be proportional to the reduction in the shareholding;

Should a natural person representing a legal person as Board member incur in any of the situations set forth in Section 3, he/she will be removed from the position.

The Board of Directors may propose the termination of any independent director before expiration of the term of office established under the Articles of Association only where there exists reasonable cause; reasonable cause shall be deemed to exist where a director fails to comply with the duties inherent to its position or falls under any of the grounds contemplated in the Regulations which prevent it from being appointed independent director.

C.1.20 Is there any type of decision for which a special majority is required, other than those foreseen by law?

- YES
- NO

If applicable, describe the differences.

C.1.21 State whether there are any special requirements to be met to be appointed chairman, other than those for director of the Board of Directors.

If so, give brief details.

Article 25 of the Board of Directors' Regulations establishes that its members must make every attempt to attend its meetings. Those who cannot do so personally must endeavor to ensure representation by another board member. Representation must be granted in writing and specifically for each session, including the respective instructions, and be communicated to the President or Secretary by any method possible ensuring its reception; a board member may simultaneously represent several others at once. In any event, non-executive Directors may only be represented by another non-executive Director.

C.1.25 Mention the number of meetings held during the year by the Board of Directors. Also indicate, if relevant, the times that the Board has met without the presence of the Chairman. Attendance will also include proxies appointed with specific instructions.

C.1.27 Indicate whether the consolidated and separate financial statements submitted to the Board for formulation are previously certified:

- YES
 NO

Identify, where applicable, the person(s) who certified the company's separate and consolidated financial statements prior to their authorization for issue by the Board:

C.1.28 Explain the mechanisms, if any, established by the Board of Directors to prevent the individual and consolidated financial statements it prepares from being laid before the General Shareholders' Meeting with a qualified Audit Report.

Mediaset España has a number of mechanisms in place to avoid presenting a qualified audit report on the separate and consolidated financial statements that affect all levels of the Company. The Economic and Finance Division is responsible for preparing Mediaset's and the Mediaset Group's separate and consolidated annual accounts and financial statements, disclosures and individual information.

The next control mechanism entails preparatory meetings with Mediaset's external auditor to report on the status of review work if there has been an incident, if information is required, etc. These meetings are attended by the independent directors on the Audit and Compliance Committee, the Chief Operating Officer, the Finance Director, the Consolidation Director, the Corporate General Manager and the Managing Director of Internal Audit.

Finally, the Audit and Compliance Committee reviews and oversees all the information to ensure compliance with legal obligations and the correct application of Spanish and International Financial Reporting Standards in order to anticipate any discrepancy with the statutory auditor.

In line with this procedure, the Audit and Compliance Committee held five meetings in 2018, one each quarter for the preparation of the annual, quarterly and semi-annual financial statements.

Noteworthy, is that Mediaset España's separate and consolidated financial statements have been prepared and approved without any qualifications since they were first audited in 1996.

C.1.29 Does the Secretary of the Board have the status of director?

- YES

If the Secretary is not a Board member, complete the following table:

C.1.30 Describe specific procedures implemented by the Company to protect the independence of the auditors, and, if any, mechanisms to preserve the independence financial analysts, investment bankers and rating agencies, including how the legal provisions have been implemented in practice..

The independence of Mediaset and its Group's auditor is guaranteed by means of the control and follow-up conducted by the Audit and Compliance Committee and ultimately by the Board of Directors.

The regulations of the Audit and Compliance Committee establish the following functions for this committee:

- Proposing to the Board of Directors the auditor's appointment, hiring conditions, duration of professional activities and termination or non-renewal of its appointment.
- The Committee is also the communications channel between the auditor and Mediaset. If necessary, it shall be in charge of receiving information on issues which may endanger its independence, though this has not occurred to date.
- The Authorize the contracts between the auditor and Mediaset España that are unrelated to the audit activity of the accounts and do not propose the appointment of any audit firm when (i) it is found to be in any case of incompatibility in accordance with the legislation on auditing or (ii) the fees Mediaset España foresees to satisfy the auditor are greater than five (5) percent of its total income during the last year.

Before issuing its report, the statutory auditor of Mediaset España and its Group issues a statement of independence relative to the company and/or related parties, along with a report on any additional services of any kind it provides. This statement of independence is signed by all members of the audit team involved in the process and is presented to the Audit and Compliance Committee.

Mechanisms to preserve the independence of financial analysts, investment banks and rating agencies.

Mediaset's relations with financial analysts, investment banks and rating agencies is centralized in the Investor Relations Department, which ensures that information disclosed to the markets is transparent and unbiased.

To do so, a number of communication channels are used to guarantee that information on the Company is disseminated promptly and without discrimination. This includes: publication on the website of quarterly earnings and any events affecting the Company's performance; personalized service by the Investor Relations Department; availability to contact the Company by phone or e-mail; on-site presentations (road shows) or via internet.

After any earnings release the Company's senior managers give a presentation, which can followed by shareholders, institutional investors and analysts in real-time through a conference call and/or webcast. Conference calls are recorded and available on the Company's website in the investor relations section for a period of three months following the event.

All information about Mediaset España is available to anyone on the Company's website (<http://www.mediaset.es/inversores/es/>) in Spanish and English.

YES

NO

Detail of the procedure

Prior to year end, the Secretary must send all the Board members a calendar of meetings featuring the Agendas for the Board of Directors' meetings and other Committee meetings to be held during the following year. From this point onward, Board members commence the procedures described in Article 29 of Board of Directors' Regulations. In addition, the Secretary sends the agenda with the items to be dealt with to the directors by e-mail.

The procedure, now guaranteed by the direct oversight of the Chairman, begins with the meeting notice itself: Article 24 establishes that the notice will always include the agenda for the meeting with the relevant information attached, duly prepared and summarized. The notice and relevant information will be sent at least

five (5) days prior to the date of the meeting. In discharging his duties, the Chairman shall coordinate with the Secretary the preparation and dispatch of the agenda to all directors.

Article 29 further amplifies the directors' right to receive not just information referring to the agenda of the meeting of the board, but any aspect relating to Mediaset España, including examining its books, records, documents and other background to Company operations. The possibility of inspecting the facilities, as well as communicating with the Company's management at any time is also included.

The mechanisms to exercise the said powers shall be channeled through the Chairman, the chief executive officer or the Secretary of the Board of Directors, who shall satisfy the requests by directly providing the information, offering the appropriate interlocutors at the organizational level or arbitrating the measures, so that the desired examination and inspection can be performed in situ.

The procedures intended to guarantee that the directors receive information on a timely manner are clearly established in the Regulations. Additionally, the directors' general obligations include that of being aware of Mediaset's performance and adequately prepare the Board of Directors' meetings and the meetings of the committees in which they participate.

C.1.36 State and, if applicable, detail whether the Company has established rules forcing its directors to inform of and, if applicable, resign upon, events which may adversely affect the Company's credit and reputation:

YES

NO

Explanation of the rules

Articles 32 and 35 of the Board of Directors' Regulations require members to inform the Company of any criminal charges brought against them, and to provide status updates.

Also, situations in which board members must step down include those in which their continuation on the Board may directly, indirectly or through persons associated with them jeopardize the loyal and diligent exercise of their duties and might exert a negative effect on Mediaset España's credit and reputation.

C.1.37 State whether any member of the Board of Directors has advised the Company of legal action or the commencement of oral proceedings against him/her for any of the crimes mentioned in Section 213 of the LSC.

YES

NO

C.1.38 List the significant agreements entered into by the company which come into force, are amended or terminate in the event of a change of control of the company due to a takeover bid, and their effects.

There are currently no agreements regarding a change of control of Mediaset due to a takeover bid.

C.1.45 Identify individually, when referring to directors, and in aggregate in the rest of cases and indicate, in detail, the agreements between the company and its management and management positions or employees that provide compensation, guarantee clauses or shielding, when they resign or are unfairly dismissed or if the contractual relationship comes to an end due to a public offer of acquisition or other type of operations.

The Audit and Compliance Committee: It meets at least once a quarter and one of its meetings is aimed at evaluating the efficiency and compliance with the rules and procedures governing Mediaset España and preparing the information to be approved by the board of directors. Its powers cover different supervisory areas for the company:

- (i) Regarding the Auditor: The statutory auditor is the body in charge of proposing an audit firm, and must ensure independence, mediate as a communication channel with the governing body should discrepancies arise, verify that prevailing audit regulations are met, authorize audit contracts beyond the scope of audit activity, while also verifying that the CNMV is communicated regarding changes in auditors.
- (ii) Regarding financial information: It also ensures that annual and periodical financial information complies with legal requirements, to encompass financial statements, periodical public information which must be communicated to authorities and markets.

With regard to Internal Control and relationships with the Internal Audit Department: as the organ responsible for the proper functioning of the Department it must propose the selection and naming of its Head, ensure that the Audit Department carries out its functions with total independence, approve the Annual Internal Audit Plan, as well as any other plan that is necessary for organizational needs; this also involves overseeing that the different departments comply with the different Internal Audit Department recommendations. It must inform the Board of Directors regarding areas of potential risk for Mediaset España or its Group, as well as supervise compliance with the related actions or administrative and tax authorities arising from administrative, supervisory, and control authorities.

(iii) With regard to risk control and management: this is the controlling and supervisory body. A description of Mediaset España and its Group's risk management policies are described in section E of this report.

(iv) in relation to the risk control and management policy: it is the body in charge of supervising and controlling said policy. A description of the risk management systems of Mediaset and its Group is described in section E.- of this Report

The activities carried out by the Audit and Compliance Committee during the year 2017 are grouped into five categories: (i) Economic-financial information, (ii) External Audit, (iii) Internal Audit - Annual Plan, (iv) Corporate Governance Standards, (v) Risk Control and (vi) Others.

Explain the functions attributed to this committee and describe the rules and procedures it follows for its organisation and functioning. For each one of these functions, briefly describe their most important actions throughout the year and how, in practice, they have exercised each of the functions attributed thereto by law, by the Articles of Association or by other corporate resolutions.

The functions of the Appointments and Remuneration Committee are outlined generally in the Company's Articles of Association and in the Board of Directors' Regulations.

However, the Appointments and Remuneration Committee Regulations define the Committee's general and specific duties, which are not limited in nature:

- Protect the integrity of the process for selecting Board members and company's top executives, defining the candidate profile (skills, experience, and expertise), and more specifically, make proposals to the Board of Directors regarding the appointment and removal of members, indicating which members should belong to each of the Committees. The Committee should consider several potential candidates for the role, proposed by any of its members.
- Advise on the degree of dedication members should devote to performing these duties.
- Provide assistance regarding the number of Committees to which Board members may belong. The members of the Board of Directors must compile a Committee report prior to their inclusion on the Boards of third-party companies.
- Collect information on the remaining professional obligations of Board members.
- Assist the Board of Directors during the succession of the Chairman and the Company's top executives, making opportune suggestions.

- Make proposals to the Board of Directors regarding independent directors to be appointed by co-option or, if applicable, for submission to decision by the General Meeting of Shareholders, and proposals for reelection or removal of those directors by the General Meeting;
- Report to the Board of Directors of other members to be appointed by co-option or, if applicable, for submission to decision by the General Meeting of Shareholders, and proposals for reelection or removal of those directors during the General Meeting.
- Inform the Board on the appointment and removal of top Company management, and propose basic contractual conditions.
- Report to the Board on any issues related to gender diversity, ensuring that during the filling of new vacancies, the selection of female candidates is not hindered. The Committee must also support the Company in the search for and inclusion of female candidates on the list.
- Establish a gender-representation target for the Board of Directors, and prepare suggestions on how to reach it;
- Provide assistance to the Board during the appointment and removal of the Secretary.
- Ensure Board member compliance with the obligations and duties set forth in Regulations and Articles of Association.
- Periodically review the remuneration scheme applied to Board members and company's top executives, including share-based compensation schemes and their application, and ensure that individual remuneration is proportionate to the amounts paid to other company's top executives and directors.
- Ensure the transparency of remuneration and inclusion in the notes to the annual financial statements on Directors' remuneration and the annual Corporate Governance Report of information regarding Board member remuneration and, to that end, submit such information as may be appropriate to the Board.
- Assist the Board of Directors in evaluating the Board's Chairman and the company's top executives when establishing remuneration paid to Board members and top executives, making related proposals on the manner, procedures, and their annual retribution. Where applicable, include incentives such as share option plan, periodically reviewing remuneration plans to ensure that they are in line with the Company's results.
- Prepare and verify the Board of Directors Remuneration Policies Report, which must be approved by the Board of Directors and presented to the shareholders at the General Meeting.
- Advise the Board of Directors with regard to each member's status when they are appointed or renewed to the post, and conduct a yearly review when preparing the annual Corporate Governance Report.

Explain the functions attributed to this committee, and describe the procedures and rules of organization and operation thereof. For each of these functions, indicate its most important actions during the year and how it has exercised in practice each of the functions attributed to it either in the law or in the statutes or other social agreements.

Given that the space to respond to this section is limited, we invite you to delve into the competencies, composition and functioning of the Committees of the Board of Directors at the following link: <http://www.mediaset.es/inversores/es/>

For reasons of space, this section will be limited to providing a brief description of how these Committees are organized; for further information, please visit the website: <http://www.mediaset.es/inversores/es/>

The composition of the Executive Committee is described in this section; it has all the powers inherent in the Board, apart from all legal and statutory powers which may be devolved to it. All agreements adopted are communicated to the Board of Directors.

In 2018, The Committee held two meetings, attended by all its members, dealing with matters related to the Company's functioning, with an update presented at each session.

C.2.2 Complete the following table on the number of female directors on the various board committees over the past four years:

C.2.3 State whether the Committees of the Board of Directors have any regulations, where these may be consulted, and any changes made in the regulations during the year. Also state whether any annual reports have been voluntarily drawn up on the activities of the individual committees.

The Audit and Compliance Committee and the Appointments and Remuneration Committee are governed by the Regulations of the Board of Directors and their respective rules. Both regulations are available on our website <http://www.mediaset.es/inversores/es/gobierno-corporativo.html>.

As in previous years, a report has been prepared on the activities carried out in the year 2017 by the Audit and Compliance Committee and by the Appointments and Remuneration Committee.

D RELATED-PARTY AND INTRAGROUP TRANSACTIONS

D.1 Explain, if applicable, the procedures for approving related-party or intragroup transactions.

Procedures for approving related-party transactions
--

The approval of transactions related to shareholders, board members, or senior executives is granted by the Board of Directors.

The Audit and Compliance Committee must issue a report on related-party transactions, including at least the type of transaction, the amount, the parties involved and the impact on the Company. This report must include recommended actions and be submitted to the Board of Directors for its approval.

In addition, each month the Economic and Finance Division verifies that all related-party transactions are classified correctly and measured in accordance with applicable regulations. For the annual closing of accounts, all related-party transactions carried out during the year are identified, detailed and quantified. This information is disclosed in the notes to the annual financial statements.

Finally, transactions included in this report relate to the normal course of the Company's business and are carried out on an arm's length basis. The related information is also included in the annual financial report for 2018.

D.6 Describe the arrangements in force for discovering, determining and settling possible conflicts of interest between the company and/or the Group and their directors, senior managers or major shareholders.

The Mediaset España Group has several mechanisms in place to detect and resolve potential conflicts of interest between the Company and its directors in order to prevent conduct that could hurt the Company or its shareholders.

According to the Regulations of the Board of Directors, related-party transactions between the Mediaset España Group and its directors must be authorized by the Board of Directors. The consideration of when a personal interest exists extends to situations that affect a related person, understood as the following:

A spouse or any person with which he or she has a similar personal relationship.
The parents, children and siblings of the director or of his or her spouse.
The spouses of the parents, children and siblings of the director.

The companies in which the director, personally or through an intermediary, has control as defined by the law.

Where the director is a legal person, the definition of related party also includes the following:

Partners that have control over the legal person as defined by the law.

The de facto or de jure directors, the liquidators and the legal representatives with general powers of attorney of the legal director.

The companies that belong to the same group and their partners.

The individuals who are classified as related parties of the representative of the legal director according to the previous paragraph.

Directors in a situation of conflict of interest must inform the Company immediately shall refrain from attending and participating in deliberations affecting businesses in which they have a personal interest, as explained above. Such situations must be approved by the Board of Directors, based on a report by the Audit and Compliance Committee. Similarly, directors, on their own behalf or through related persons, may not perform any professional or commercial transaction with the Company.

Also related to the control mechanisms, directors must submit their resignation to the Board of Directors when their permanence may threaten the interests of Mediaset España or adversely affect its credibility and reputation. Directors must also refrain from attending and participating in deliberations affecting businesses in which they have a personal interest.

No director disclosed a situation that could pose a conflict of interest in 2017. Any conflict of interest is disclosed in the Annual Corporate Governance Report.

Regarding mechanisms to detect potential conflicts of interest between the Mediaset España Group and its shareholders, as indicated in the section on related-party transactions, any transaction between the Company and its significant shareholders should be authorized by the Board of Directors, except in those situations described in D.1. above.

The Ethics Code and the Internal Code of Conduct set out the procedures for detecting and controlling potential conflicts of interest between the Company and its directors. Situations that could possibly give rise to conflicts of interest include:

Entering into a contract on behalf of Mediaset España with a supplier owned or managed by a friend or family member.

Working as a consultant of a Company supplier or customer.

Conducting business on one's own account that is similar to the business of Mediaset España.

Having a personal or financial interest in a business with the Company.

Obtaining personal advantage or financial gain —beyond ordinary remuneration— through an agreement or commercial relationship with a third party involving Mediaset España.

At the Mediaset España Group, the Regulatory Compliance Department oversees this type of situation.

This department is composed of the Corporate General Manager, the Chief Operating Officer and the Internal Audit Director. In 2013, acceptance by the directors considered affected persons of compliance with the Internal Code of Conduct was updated. Also during the year 2017, the Internal Audit Department held

specific interviews with Company directors to identify possible risks of conflicts of interest.

No situations of conflict of interest involving director were identified in 2018 that had not been disclosed previously.

D.7 Is more than one company in the Group listed in Spain?

- Yes
 No

E RISK CONTROL AND MANAGEMENT SYSTEMS

E.1 Describe the risk control and management system in place at the company, including those which are tax-related.

Mediaset Group's Internal Control System risk management system has a hierarchical risk management structure, and functions through a series of organs which simultaneously use different systems, policies, and procedures to identify, diagnose, and prevent each of the risks which might affect the company. The System's objectives include helping the Group meet its goals and objectives, while minimizing its associated risks (be they operational, financial, tax- or compliance-related, etc.). Based on this hierarchy, the main control bodies are:

1. Board of Directors
2. Executive Committee
3. The Audit and Compliance Committee
4. Unit of compliance and crime prevention
5. Risk Committee
6. The Money Laundering Prevention Committee (gaming business line)
7. Internal Audit Management

Mediaset Group's overall risk management policy is the key tool in assisting the Group to:

- a) Identify the risks which might stand in the way of reaching strategic goals.
- b) Protect the balance sheet, income statement and cash flow generation.
- c) Safeguard the interests of the Group's stakeholders (shareholders, customers, suppliers, etc.);
- d) Oversee the efficiency and effectiveness of operations; and
- e) Comply with applicable laws, regulations and contract

These policies involve the preparation of a Risk Map, based on the Enterprise Risk Management (ERM) framework of the Committee of Sponsoring Organizations of the Treadway Commission (COSO II), which has the following scope:

- Identification of the main strategic, corporate governance, business, credit, market, financial, tax, regulatory and compliance, reputational and, where appropriate, environmental risks.
- Analysis and assessment of each risk identified in terms of the probability of occurrence and the potential impact on the Group's financial statements and the achievement of its strategic objectives.

- Designation of specific officers for each risk identified.
- Implementation of procedures, processes and action policies, and development of IT tools to mitigate risks and generate opportunities for improvement.
- Regular monitoring of risk control for a specific risk tolerance level.
- Ongoing monitoring through financial information control systems of the correct assessment and control of potential and effective risks identified.
- Communication to the various governing, management and reporting bodies of its competencies with full transparency.
- Control of the RMS through the Internal Audit Department.

Also, Mediaset España's risk map includes and integrates a tax risk map. It analyzes risks which, due to their corporate, transactional, compliance, financial, accounting, organizational, and/ or reputational nature, may have relevant tax implications for the Group.

E.2 Identify the bodies responsible for preparing and implementing the risk management system.

The Board of Directors is responsible for approval and follow-up, based on the Audit and Compliance Committee Report, of the risk management and control policy including those which are tax-related, as well as the supervision of internal information and control systems.

The Audit and Compliance Committee is the body in charge of overseeing and controlling Mediaset España's risk policy so that potential risks are identified, managed and communicated appropriately. It is responsible for ensuring that the policy:

- a) Determines the types of risk for Mediaset España; e.g. strategic, operational, compliance and reporting, technological, financial, legal or other, including contingent liabilities and other economic and financial risks.
- b) Establishes an acceptable risk tolerance level for Mediaset España.
- c) Provides mechanisms, when risks arise, to determine the precise measures required to mitigate the impact of the risks identified.
- d) Establishes the communication and internal control measures to control and manage any risk.

Where related-party transactions are attributed to another committee, the Audit and Compliance Committee is responsible for proposing the related policy and communicating the transactions to the Board of Directors. The policy regarding related-party transactions must be disclosed in the Annual Corporate Governance Report.

Risk Committee comprised of the Group's key directors in charge of preparing and validating the Risk Map and its presentation to the Audit and Compliance Committee. This body carries out the executive functions of managing daily operational risks, while also communicating them to the rest of the organization in collaboration with the Internal Audit Director. Internal Audit management analyzes, oversees, and assesses these risks, and coordinates the action plans to mitigate them. It also liaises with each Department in charge of each risk for implementation of the monitoring system.

The Economic-Financial Department draws up the map of fiscal risks, which is reviewed with the external fiscal advisor and supervised by the Internal Audit Department.

E.3 State the primary risks, including tax compliance risks, and those deriving from corruption (with the scope of these risks as set out in Royal Decree-Law 18/2017), insofar as they are significant, which may affect the achievement of business objectives:

The main risks of the Mediaset Group that could affect the achievement of the objectives set by the Board of Directors are as follows:

1. Regulatory Framework: 2018 has been a more stable year in terms of regulatory changes in the audio-visual sector. It is worth noting the relevance of the entry into force of the new General Regulations on Data Protection. Mediaset has implemented the necessary means and measures to adapt to it.
2. Political and macroeconomic environment: The television business is directly related to economic growth and therefore, this is an external factor that has a direct impact on the business.
3. Competitors in the audio-visual market: There is still a lot of competition in the audio-visual sector with the existence of various sources supplying content. In addition, the new content platforms are not subject to the same obligations and limits as television channels. These new platforms cause a change in the content consumption habits that impacts television consumption.
4. Reputational: Mediaset España owns many brands, both corporate and products associated with its programs. That is why the risk of its image being exposed to damage is a risk that we maintain continuous control over. The Communication Department is in charge of ensuring this control by continuously monitoring any news or activity that could cause a crisis that impacts our image. Likewise, it coordinates with all the Directorates including the Multiplatform Directorate to monitor any developments in the social networks. At the same time as a situation of possible conflict arises, the Communication Department informs and advises the CEO to take the necessary measures to that end.
5. Financial: As with last year, the possible appreciation of the dollar against the euro is a financial risk due to the purchase of audio-visual rights abroad.
6. Tax: Mediaset España maintains a conservative tax policy, it has a continuous system for monitoring the tax impacts on its operations and the Economic-Financial Directorate and the various departments meet with the Company's external advisor on a weekly basis to deal with various types of tax queries.
7. Technological transformation: The constant and increasingly rapid technological evolution impacts on the way television is consumed. The inadequacy of both infrastructure and systems, applications and platforms to these developments, can have a negative impact on business sustainability. Mediaset España monitors the evolution and effect that technological transformation can have on television and carries out the appropriate investments for the development of adapted technologies and infrastructures.
8. Cyber-attacks and piracy: Mediaset España has defined the Group's Cybersecurity Risk Map and the corresponding controls and mitigation measures. It has also

established periodic reviews, of both users and system vulnerabilities, contracted internal and external audits, and has the appropriate procedures for incidents. The Group has a service to mitigate attacks through Denial of Service (DOS).

With regard to piracy, Mediaset España has established solid contracts with front-line providers to host the digital archive. At the same time, it has defined procedures to control the content flow towards the different platforms and technical audits are carried out to review its correct application. Furthermore, it has an external content monitoring service on YouTube, through which all the content owned by Mediaset is tracked and eliminated from this channel. With regard to films, the company has a contracted a monitoring system with which it fights against illegitimate access to the contents produced, during the period in which the film is broadcast in movie theaters.

9. Litigation and contentious-administrative proceedings: as a result of its activity, Mediaset España is subject to the possible risks of lawsuits initiated by external agents or contentious-administrative proceedings. Through its Administrators and advisors, it assesses the risk for all litigation and contentious-administrative proceedings and, it provides adequate provisions in those cases where the risk is likely and its economic effects are quantifiable.

10. Mediaset España's business activity may be affected, like any other, as a result of risks associated with corruption. However, given the activity performed the likeliness of the risk materializing is low. Mediaset España has strong controls that mitigate this risk through procedures and reviews carried out by the Compliance and Prevention Unit.

The Mediaset España group has identified other risks, which are broken down in the Corporate Annual Report published as part of the Consolidated Management Report, such as the loss of leadership, the loss of interest in the content offer, the interruption of the business, the gap in confidentiality, the risk of adapting the organization and the Group's processes to the new competitive environment.

E.4 related.

The Risk Management System is based on the COSO II approach, identifies risk tolerance levels for each risk identified and included in the company's risk map. Those which are tax-related are included. Also, risks are classified as "Within the accepted tolerance level" or "Exceeds the accepted tolerance level" depending on the probability of occurrence and the impact on the Group's strategic objectives. In classifying risks, the Mediaset Group takes into consideration the expectations of investors, regulators, customers, suppliers and employees. Both top management as well as the directors of the key business areas (advertising sales, programming content, technology and systems, and finance) participate in identifying the risks affecting them. The Internal Audit Director channels all information and evaluates risks, sharing it while also periodically monitoring KRIs with each risk unit.

The Mediaset Group combines qualitative and quantitative measures to ensure comprehensive and balanced risk management. The level of risk tolerance is periodically reviewed, although Mediaset España has always been characterized by its conservative approach, focusing on controlling costs, optimizing profitability, and meeting its obligations with regulatory bodies. The above review takes place in conjunction with Mediaset España's risk management team.

E.5 Identify any risks, including those which are tax-related, which have occurred during the year.

In 2018 certain risks materialized:

a) Measures adopted by the regulator affecting:

- i. The company has received several disciplinary proceedings for non-compliance due to excess advertising and content qualification, although the impact on Mediaset's financial statements has not been material. The Corporate General Management has developed new awareness and control channels to minimize any possible breach in terms of advertising and content rating.
- b) The inherent risks in the audio-visual business due to market fragmentation with the large number of FTA channels, or due to the weak performance of advertising investment in 2018 compared to 2017, have been very well controlled as result of the company's high reaction capacity in relation to cost containment.
- c) The incidents of digital security breaches that have occurred in 2018 are not worth mentioning.
- d) The lawsuits and disputes that have taken place in 2018 have not been material and the company expect the new ones to culminate favourably based on the solid factual, legal and economic basis provided in each case.
- e) No tax risks have materialized during 2018

E.6 Explain the response and monitoring plans for the main risks the company is exposed to, including those which are tax-related as well as the procedures followed by the company to ensure that the board of directors responds to the new challenges that arise.

Mediaset's Board of Directors has the support of the Audit and Compliance Committee to respond to the challenges the company faces. The Chief Executive Officer and the Risk Committee are responsible for evaluating strategic and business threats. The procedure under which this is regulated is the Mediaset Group's Risk Management Policy. At least 4 times a year, prior to each Audit Committee being held, the Risk Committee meets to evaluate and monitor the risk map and the key risk indicators. The findings are passed on to the Audit Committee and, failing that, to the Board of Directors.

Mediaset Group regularly monitors possible threats which might activate or elevate their potential damage. Specifically, with regard to prevailing regulatory uncertainty, the Group created a work group in which any changes are analyzed by top management in detail, so that any unforeseen circumstances may be immediately dealt with, so that its impact on the company is as negligible as possible. Faced with the entry of new competitors, the Company is bolstering the variety of its TV products in accordance with the advertisement investment in the market.

Regarding the continuous vigilance exercised by the regulator over the contents issued by our channels, the processes have been developed and the appropriate precautionary measures have been implemented at the level of editorial control so as not to miss emissions of contents in protection schedules and they are duly cataloged with notice to the viewer. However, it must be borne in mind that the evaluation criterion for the emission of the contents is totally subjective, and therefore it is difficult to eliminate this risk completely.

The Group's adoption of cost containment measures on a business and structural level based on the extended duration of the crisis and slow materialization of economic growth was revealed to be a correct decision. These measures will continue to be implemented for some time. Spain's political situation will affect its economy, and therefore its audiovisual sector.

Mediaset España has a continuous monitoring system of fiscal impacts in its operations and meets weekly with its external advisor with the Economic-Financial Department and the different units to deal with tax queries of various kinds.

Finally, in order to mitigate reputational risk, the Group has improved its inter-departmental communication and alert activation should specific cases arise. It has also improved its coordination with the producers of programs, so as to be able to react more quickly. Daily monitoring has extended to social networks, which are often the source of potential crises affecting our corporate image.

F INTERNAL CONTROL OVER FINANCIAL REPORTING (ICFR)

Describe the mechanisms which comprise the internal control over financial reporting (ICFR) risk control and management system at the entity.

F.1 The entity's control environment

Specify at least the following components with a description of their main characteristics:

F.1.1. The bodies and/or functions responsible for: (i) the existence and regular updating of a suitable, effective ICFR; (ii) its implementation; and (iii) its monitoring.

Based on a prior Audit and Compliance Committee report, the approval, follow-up, and monitoring the control and management of risk, as well as internal information systems, are controlled by Mediaset España's Board of Directors, as indicated in Article 6, section 4, subsection xxiii of its Regulations.

The Economic and Finance Division is in charge of implementing ICFR through the Administration, Management Control and Consolidation and Reporting Departments. Each of these areas is fed information by the Business, Human Resources and Legal Advisory Departments, or any other department that could provide information with a material impact on financial information.

In addition, the Audit and Compliance Committee's responsibilities include the following:

"Article 5.3: Regarding the internal control over financial reporting (ICFR) system: To ensure the reliability of the financial information, the Audit and Compliance Committee has the following responsibilities:

1. Monitor the preparation and integrity of the financial information, review the current design of Mediaset's ICFR and compliance with regulations.
2. Approve the internal audit plan for evaluation of the ICFR and receive regular information on the findings of its work and plans to correct any control weaknesses detected.
3. Review, analyze and comment on the financial statements and other relevant financial information with senior executives and internal and external auditors to assure that the information is reliable, understandable and material, and that the same accounting policies as the preceding reporting period have been applied.
4. Supervise the process carried out by senior executives to make critical judgments, evaluations and estimates, and evaluate their impact on the financial statements, as well as on adjustments proposed by the external auditor, and be aware of and, as appropriate, mediate, in any disagreements between them.
5. Ensure the ICFR evaluation process of Mediaset is robust enough to achieve its objectives and validate the conclusions of reports submitted to it by those carrying out evaluation tasks.
6. Oversee Mediaset's continuous monitoring of control activities, so as to obtain reasonable assurance regarding the implementation and functioning of the ICFR.

7. Ensure that information disclosed to the market about ICFR is clear and understandable and contains sufficient, accurate and appropriate detail.”

Finally, the Audit and Compliance Committee delegates the responsibility of overseeing the ICFR to the Internal Audit Department.

F.1.2. The existence or otherwise of the following components, especially in connection with the financial reporting process:

- The departments and/or mechanisms in charge of: (i) designing and reviewing the organizational structure; (ii) defining clear lines of responsibility and authority, with an appropriate distribution of tasks and functions; and (iii) deploying procedures so this structure is communicated effectively throughout the Company.

The Board of Directors of Mediaset España sets the high-level organizational structure. From this level, the Chief Executive Officers, together with the Human Resources Department, deploy the procedures at all levels.

Each General Management designs an organizational structure, including job descriptions and lines of responsibility, which is overseen and validated by the Human Resources Department.

The Management and Operations General Management is mainly responsible for the preparation of financial information through the Economic and Finance Division. The Economic and Finance Division comprises the following:

- Administration Department (of Mediaset and Publiespaña).
- Management Control Department
- Consolidation and Reporting Department
- Treasury management

In this sense, there is a personnel functions and responsibilities Manual of the of the Economic-Financial Directorate.

Mediaset has an internal communication policy. According to this policy, the Management and Operations General Office, through the Human Resources and Services Department, is in charge of disclosing, through notifications on the intranet, any organizational change in the Group and/or the hiring of new managers. This information is provided to all Mediaset Group employees, who are also informed via email when any new announcements are published.

- Code of conduct, approval body, degree of dissemination and instruction, principles and values covered (stating whether it makes specific reference to record keeping and financial reporting), body in charge of investigating breaches and proposing corrective or disciplinary action.

The processes of complying with the rules and regulations affecting the company are included in the “Mediaset España Ethics Code” and the “Internal Code of Conduct of Mediaset España Comunicación, S.A. and its Group of Companies Regarding Stock Market Activities” and apply to all departments that have access to privileged information.

Mediaset España considers the homogenous and symmetric transmission of information regarding its activity and economic results, which must be complete, truthful, transparent and responsible permanently expressing a true image of the company, as a fundamental principle of the relationship it has with its shareholders, investors, analysts and the financial market in general.

All Mediaset España information must be registered and presented in a precise, diligent and respect current regulations, in order to ensure that all the Company’s assets, activities and responsibilities are correctly accounted.

Mediaset España has an Internal Control System on Financial Reporting (ICFR) adapted to the requirements of the National Securities Market Commission (CNMV).

The Crime Prevention and Compliance Unit. It is the unit that analyzes infringements and proposes corrective actions and sanctions related to the Group's Code of Ethics.

All the professionals employed by the Group and those joining it in the future have accepted and will expressly agree to abide by the Code of Ethics. There are also procedures led by the Human Resources Department by virtue of which they are informed of the Code of Ethics and its obligatory compliance.

The Code of Ethics is published on Mediaset España's corporate intranet and on the main corporate website so that it is accessible to any employee or third party.

- 'Whistle-blowing' channel, for the reporting to the audit committee of any irregularities of a financial or accounting nature, as well as breaches of the code of conduct and malpractice within the organization, stating whether reports made through this channel are confidential.

The Mediaset Group has a reporting procedure for any employee, manager, director or stakeholder of Mediaset España who reasonably suspects any behavior that goes against the principles and values of the Ethics Code or business ethics and good faith. This includes financial and/or accounting malpractices or practices that do not comply with IFRS or the Spanish General Accounting Plan, inappropriate or inadequate use of accounting and financial information, alteration or misuse of management, accounting and/or financial systems, falsification or concealment of accounting and financial information, fraud, offering and/or taking bribes, non-compliance with laws and regulations, and conflicts of interest.

These reports are made through the Internal Audit Department, which guarantees full protection of privacy and confidentiality of the information reported and the persons involved. It acts as a filter for the accuracy and credibility of each procedure, assessing the appropriateness of reporting to the Compliance and Prevention Unit, and where applicable the Audit and Compliance Committee, which makes the final assessment.

In 2018, a pop-up was also implemented that reminds all employees and collaborators working at the Mediaset facilities every 6 months that they have a whistleblower channel at their disposal. This pop-up was shown to a total of 1955 users (internal and external) working in the Mediaset Spain environment.

During 2018, no complaints were received through the Whistleblowing Channel.

- Training and refresher courses for personnel involved in preparing and reviewing financial information or evaluating ICFR, which address, at least, accounting rules, auditing, internal control and risk management.

All personnel involved in preparing and reviewing financial information or evaluating ICFR receive training each year on accounting rules, control and risk management, auditing and tax developments. As indicated previously, the training plan covers the Economic and Finance Division and the Internal Audit Department.

During 2018, these groups, 21 persons, received a total of 118 hours of training in internal control, accounting and tax.

F.2 Risk assessment in financial reporting

Report at least:

F.2.1. The main characteristics of the risk identification process, including risks of error or fraud, stating whether:

- The process exists and is documented.

The Mediaset Group has a system for controlling and identifying risks of errors or misstatements in financial information. This system is documented and a backup copy is stored in the Internal Audit Division's systems.

It has based on the Mediaset Group's Comprehensive Risk Management System (RMS). The RMS is based on the Enterprise Risk Management (ERM) framework of the Committee of Sponsoring Organizations of the Treadway Commission (COSO II). The first step in the approach is to identify the Company's strategic objectives and risks. Once these are defined, the second step is to identify operational, compliance and reporting risks. Each risk is assessed in accordance with the probability of occurrence and the potential impact on the achievement of objectives.

The system begins with identification of the companies in the Mediaset Group's consolidation scope and the Group's business lines. It then identifies and documents both recurring and non-recurring processes that could have an impact or affect each company's financial statements; i.e. the balance sheet, income statement, state of cash flows or disclosures. Next, the risks related to the processes and the controls to mitigate them are reviewed.

There are specific controls for each process, which are subject to traceability tests. The results of these tests provide the potential errors in financial information related to the valuation of a transaction, its cut-off, registration or integrity. The results are prioritized by materiality.

The controls in place for each risk include preventing and detecting errors and fraud. The Company has policies and procedures, as well as a protocol, in its reporting systems designed to minimize this type of risk. These include:

1. Acquisition and Sales Committee procedure;
2. Acquisition of products and services procedure;
3. Contract signature procedure;
4. Authorization management procedure;
5. Corporate security policy and related procedures; and
6. Customer management procedure
7. Supplier Alignment Protocol

- The process covers all financial reporting objectives, (existence and occurrence; completeness; valuation; presentation, disclosure and comparability; and rights and obligations), and whether it is updated and, if so, with what frequency.

As indicated in the preceding section, the system covers processes that could lead to a risk regarding existence, occurrence, completeness and valuation, presentation and disclosure, cut - off and recognition of transactions with a material impact on financial information. The processes are performed with a frequency of at least every six months.

- A specific process is in place to define the scope of consolidation, with reference to the possible existence of complex corporate structures, special purpose vehicles or holding companies.

In accordance with the terms of Article 5.2.c, the Audit and Compliance Committee is in charge of ensuring the correct delimitation of the Mediaset Group's consolidation scope. To this end, any change, modification, addition or removal from the Mediaset España Group's corporate structure is controlled by the General Secretary of the Board and the Corporate General Manager. The Corporate Manager, pursuant to authorization by the Board of Directors, reports any transfers or acquisitions of shareholdings and provides the related supporting documentation to the divisions that could be affected. The Management and Operations General Office, through the Economic and Finance Division, is in charge of identifying and advising on the impact of these changes on the Group's consolidation scope. At the end of each reporting period, the Group's existing corporate structure is obtained and validated by Legal Advisory and the Economic and Finance Division.

Moreover, where the direct stakes held by the Company are also consolidated groups, there is an internal process whereby any movements therein (e.g. purchases, sales, liquidations, mergers, transfers) are reported to the Economic and Finance Division immediately, as follows:

- a. For interests where the Company has operating control, through monthly reporting processes established for this purpose and by communication from the representative of the Company to the companies' governing bodies.
- b. For companies in which the Company does not have control, the Company's representatives on these companies' governing bodies are in charge of reporting to the Finance Department.

- The process addresses other types of risk (operational, technological, financial, legal, tax, reputational, environmental, and so on) insofar as they may affect the financial statements.

The process for identifying risks of errors in financial information takes account of the types of risk (operational, technological, financial, legal, reputational and environment) to the extent that these could affect the different Corporate Departments. The Internal Audit Department notifies the various Corporate Departments of the risks identified and the recommended action plan.

- Which of the entity's governing bodies is responsible for overseeing the process.

The Operations General Management is in charge of overseeing the process through the Economic and Finance Division and the Corporate General Manager.

F.3 Control activities

Indicate the existence of at least the following components, and specify their main characteristics:

F.3.1. Procedures for reviewing and authorizing the financial information and description of ICFR to be disclosed to the markets, stating who is responsible in each case and the documentation and flow charts of activities and controls (including those addressing the risk of fraud) for each type of transaction that may materially affect the financial statements, including financial closing procedures and for the separate review of critical judgments, estimates, evaluations and projections.

With each financial closing, the Economic and Finance Division reviews the transactions that impact the financial information through its Administration, Management Control and Consolidation and Reporting Departments. The procedure for the financial closing entails an initial review by the Management Control, and Administration Departments of all the individual companies. The process includes a list of review tasks, above all for each line item of information generated internally by the Department or of information from other Group departments that could have an impact on, or be reflected in, the financial information. Then, the Consolidation and Reporting Department oversees the information validated by the two other departments and conducts its own review process. This comprises a series of automatic tests of the information systems to ensure the completeness of the data used for consolidation. Once these tests are completed, the procedure for the monthly financial closing takes place.

The separate review of critical judgments, estimates, evaluations and projections is carried out in accordance with the same review model of the reliability of the financial information.

The Consolidation and Reporting Department reports each monthly financial closing to the Managing Director of the Economic and Finance Division and the

Chief Operating Officer, which is reviewed and approved before being presented to the Chief Executive Officers and the Audit and/or Executive Committee.

The Chief Executive Officers, the Chief Operating Officer and the Finance Director ensure both the completeness of the financial information and compliance with the internal control system guaranteeing the integrity, before the Board of Directors.

The Audit and Compliance Committee, with the support of the Audit Department, oversees this process and reports its findings to the Board of Directors. Once the consolidated financial statements are approved, they may be submitted for publication to the National Securities Market Commission (CNMV) by the General Secretary of the Board.

In addition, the Audit and Compliance Committee, with the support of the Audit Department, carries out a review of the financial information each quarter. This process consists of verifying that the quarterly information is prepared using the same criteria as the information prepared in the semi-annual reports (at June 30 and December 31 of each year). The external auditors reveal items found, relevant matters, and recommendations during these two fortnightly Audit and Compliance Committee sessions.

F.3.2. Internal control policies and procedures for IT systems (including secure access, control of changes, system operation, continuity and segregation of duties) giving support to key company processes regarding the preparation and publication of financial information.

The Mediaset Group takes extreme precautions regarding security applied to the management tools used in the financial information preparation process and regarding modification controls, when applicable. There is a strict access policy covering who has access to applications in production, so that any modifications, additions, or disposals must be authorized by the person in charge of the application and the Internal Audit Department. Mediaset has a Corporate Security Policy, which was approved in 2008 and is updated annually. This Policy covers the acquisition of software and hardware, service levels and security of the systems guaranteeing the performance and continuity of operations.

There is a documented inventory of all systems involved in the preparation of financial information. Specific preventive and, as a last resort, detective controls are in place for these systems. The Technology Division is responsible for the development and maintenance of all systems, as well as the implementation of established control procedures.

The segregation of duties is established in all applications to prevent conflicts in normal and critical transactions. This precludes a single person from being responsible for several functions that could give rise to conflicts of interests resulting in errors or misappropriations. In addition, this was established by correctly defining/assigning user profiles. A specific procedure exists which oversees this aspect, including the continuous revision of user-assigned profiles.

F.3.3. Internal control policies and procedures for overseeing the management of outsourced activities, and of the appraisal, calculation or valuation services commissioned from independent experts, when these may materially affect the financial statements.

The Mediaset Group has an Acquisitions Committee and an Acquisition of Products and Services Procedure regulating outsourced services and services performed by independent experts. This ensures that the chosen provider is independent of the Company, is competent, operates under market conditions, and is up to date with tax obligations.

Each area in charge reviews the outsourced activities.

During 2016, procedures were developed for contracting services, storage, etc. in cloud environments, which are available on the Internet. These procedures include all aspects which should be required of cloud service suppliers to comply with prevailing legislation, including data protection regulations, codes of good practice, and service level agreements.

F.4 Information and communication

Indicate the existence of at least the following components, and specify their main characteristics:

F.4.1. A specific function in charge of defining and maintaining accounting policies (accounting policies area or department) and settling doubts or disputes over their interpretation, which is in regular communication with the team in charge of operations, and a manual of accounting policies regularly updated and communicated to all the company's operating units.

The Consolidation, Reporting and Investees Department defines the accounting policies, keeps them up to date and settles doubts or disputes that could arise over the interpretation of the accounting policies approved by the Group. It reports to the Economic and Finance Division, which is part of the Management and Operations General Office. The Reporting Department is in charge of maintaining and updating the Mediaset España Group's Manual of Accounting Policies and ensuring that it is communicated appropriately. The Accounting Manual is updated annually, the latest version being dated December 31, 2018. The Economic-Financial Division has updated this version to transfer the changes due to the entry into force of NIFF 9, 15 and 16 of applicability in 2018.

F.4.2. Mechanisms in standard format for the capture and preparation of financial information, which are applied and used in all units within the entity or group, and support its main financial statements and accompanying notes as well as disclosures concerning ICFR.

The Company's financial information is captured and prepared through software tools that ensure complete security and control. From the time the information is captured (manually or through an interface), it is treated by software programs that are standard in the marketplace: SAP, Microstrategy, Axional and Meta 4. These programs are interconnected. They treat, store and report information, minimizing the risk of errors in and manipulation of the economic and financial information.

SAP collects all information with an economic and financial impact on the company's accounts. Mediaset España draws up the accounts of all companies over which it has control. This speeds up and controls the necessary processes for the Group's consolidation.

Microstrategy is the reporting and consolidation tool that captures and prepares financial information for appropriate reporting to the pertinent internal and external bodies. The organizational structure of the information to be received and reported has been previously standardized in terms of format and application of criteria, ensuring the integrity of the information and facilitating its analysis.

All these systems include maintenance and yearly updates. The Technology Director ensures that everything runs in a perfect and reliable manner.

F.5 Monitoring of the system

Indicate the existence of at least the following components, describing their main characteristics:

F.5.1. The ICFR monitoring activities undertaken by the audit committee and an internal audit function whose competencies include supporting the audit committee in its role of monitoring the internal control system, including ICFR. Describe the scope of the ICFR assessment conducted in the year and the procedure for the person in charge to communicate its findings. State also whether the company has an action plan specifying corrective measures for any flaws detected, and whether it has taken stock of their potential impact on its financial information.

As indicated in section F.1.1, the responsibilities of the Audit and Compliance Committee can be summarized as follows:

1. Overseeing the preparation and integrity of the financial information
2. Approving the internal audit plan for assessment of the ICFR
3. Reviewing, analyzing and commenting on the financial statements and other relevant information with the parties involved in its preparation and approval
4. Supervising the process of making critical judgments, evaluations and estimates and settling any related disputes
5. Ensuring that the ICFR evaluation process of the Mediaset Group has been designed to achieve the process objectives
6. Overseeing continuous monitoring of ICFR
7. Ensuring that the ICFR information disclosed is clear and understandable

The Audit and Compliance Committee carries out these activities with the support of the Audit Department. The Audit Department's main responsibilities include analyzing, evaluating and supervising the Group's internal control and risk management systems, identifying weaknesses, making recommendations and executing the proposed action plan in each case.

The Audit Department performs an in-depth review of the controls of all process that could have a material impact on the Group's financial statements twice a year with the mid-year and annual financial closing. As a result of these reviews, the Internal Audit Department prepares reports covering the process identified, the related risks and the controls tested. These reports highlight any weakness encountered and make comparisons with reviews of previous periods to monitor trends. As indicated previously, any weakness encountered in a process is reported immediately to the department affected so it can be corrected. At the last audited closure as of December 31, 2018, 191 controls associated with 25 company processes were reviewed.

F.5.2. A discussion procedure whereby the auditor (pursuant to TAS), the internal audit function and other experts can report any significant internal control weaknesses encountered during their review of the financial statements or other assignments, to the company's senior management and its audit committee or board of directors. State also whether the entity has an action plan to correct or mitigate the weaknesses found.

The Economic and Finance Division and the Internal Audit Department hold regular meetings with the external auditors to discuss material weakness in internal control. The Audit and Compliance Committee meets with the external auditors twice a year, at the closing of the Group's mid-year and annual financial statements. At these meetings, the external

auditors, within the scope of their engagement, report whether there are any incidents or internal control weakness. The Economic and Finance Division and the Internal Audit Department attend these meetings and review all aspects regarding potential weaknesses in the internal control systems that could affect the financial information published by the Group Mediaset.

Any weakness encountered is subjected to immediate monitoring by the Audit and Compliance Committee, with the help of the Internal Audit Department.

F.6 Other relevant information
Not applicable.

F.7 External auditor report

State whether:

F.7.1. The ICFR information supplied to the market has been reviewed by the external auditor, in which case the corresponding report should be attached. Otherwise, explain the reasons for the absence of this review.

The ICFR information has been subject to review by the auditor of the annual accounts, the company Deloitte, SL

G DEGREE OF ADHERENCE TO THE RECOMMENDATIONS ON CORPORATE GOVERNANCE

12. The Board of Directors must perform its functions based on a sole purpose and independent criteria, treating all shareholders in the same manner guided by the Company's interest, which is understood as achieving a profitable and sustainable long-term business, while maximizing its economic value.

In the Company's best interest, apart from the laws and regulations based on good faith, ethical behavior, and the respect for commonly-accepted good practices, endeavors to combine the Company's interest with the legitimate interests of its employees, suppliers, clients, and other potentially-affected interest groups, with a constant focus on the impact of its activities overall and on the environment.

13. In the interests of maximum effectiveness and participation, the Board of Directors should ideally comprise no fewer than five and no more than fifteen members

Complies Explain

14. The Board of directors approves a process for selecting its member which:

- a. Is specific and verifiable.
- b. Ensures that appointment or reelection proposals are based on a prior analysis of the Board of Directors' needs.
- c. Fosters a diversity of knowledge, experiences, and gender.

The result of prior studies of the Board's needs is outlined in a supporting appointments committee report which is published when the general shareholders meeting is called and submitted for ratification, the appointment, reelection of each of its members.

These policies will assist in reaching the 2020 goal: at least 30% of Board members be female.

The Appointments Committee will annually verify compliance with the above policies, and will inform accordingly in the Annual Corporate Governance Report.

Complies Partially complies Explain

As a result of implementing the diversity and selection of director's policies, in the last appointments approved by the General Meeting, held in April 2018, four women joined the company's Board of Directors, thereby fulfilling the objective that at least 30% of the total of its members should be women.

15. Proprietary and independent directors should occupy an ample majority of board places, while the number of executive directors should be the minimal practical bearing in mind the complexity of the corporate group and the ownership interests they control.

Complies Partially complies Explain

16. The percentage of proprietary directors in relation to the total number of non- executive directors should not exceed the proportion between the capital represented on the board by these and the remainder of the company's capital.

These criteria might be relaxed:

- a. In large cap companies where few or no equity stakes attain the legal threshold for significant shareholdings.
- b. In companies with a plurality of shareholders represented on the board but not otherwise related.

Complies Explain

17. The number of independent directors should represent at least half of all board members.

However, when the company is not large cap, or although it is, has on or several shareholders working together and controlling over 30% of its share capital, it shall ensure that independent Directors make up at least one third of the total Board members.

Complies Explain

18. Companies should post the following director particulars on their websites, and keep them permanently updated:

- a) Professional experience and background;
- b) Directorships held in other companies, listed or otherwise;
- c) An indication of the director's classification as executive, proprietary or independent; in the case of proprietary directors, stating the shareholder they represent or have links with.
- d) The date of their first and subsequent appointments as a company director, and
- e) Shares held in the company and options on the same

19. In the year's Annual Corporate Governance Report, after verification by the Nomination Committee discloses the reasons for the appointment of proprietary directors at the urging of shareholders controlling less than 3% of capital; and explain any rejection of a formal request for a board place from shareholders whose equity stake is equal to or greater than that of others applying successfully for a proprietary directorship.

21. That Board of Directors should not propose the separation of independent directors before the expiry of their tenure as mandated by the Articles of Association, except where just cause is found by the board of directors, based on a proposal from the Nomination Committee. In particular, just cause will be presumed when a director moves to hold new positions or take on new obligations making it impossible to devote a sufficient amount of time to carry out a Board member's function, and thereby not complying with the duties inherent to the post under applicable legislation.

The separation of independents may also be proposed when a takeover bid, merger or similar corporate operation produces changes in the company's capital structure, in order to meet the proportionality criterion set out in Recommendation 16.

Complies Explain

22. Companies should establish rules obliging directors to inform the board of directors of any circumstances that might harm the organization's name or reputation, tendering their resignation as the case may be, with particular mention of any criminal charges brought against them and the progress of any subsequent trial.

The moment a director is indicted or tried for any of the crimes stated in article Company Articles of Association, the Board should examine the matter and, in view of the particular circumstances and potential harm to the Company's name and reputation, decide whether or not he or she should be called on to resign. The Board should also disclose all such determinations in the Annual Corporate Governance Report.

Complies Partially complies Explain

23. All directors should express clear opposition when they feel a proposal submitted for the board of directors' approval might damage the corporate interest. In particular, independents and other directors unaffected by the conflict of interest should challenge any decision that could go against the interests of shareholders lacking Board representation.

When the board makes material or reiterated decisions about which a director has expressed serious reservations, then he or she must draw the pertinent conclusions. Directors resigning for such causes should set out their reasons in the letter referred to in the next Recommendation.

This Recommendation also covers the Secretary of the Board even in the case that this individual is not a director.

24. Directors who give up their place before their tenure expires, through resignation or otherwise, should state the reasons in a letter to be sent to all members of the board. Irrespective of whether such resignation is filed as a significant event, the motive for the same must be explained in the Annual Corporate Governance Report.

25. The Appointments Committee will ensure that non-executive directors have sufficient available time to carry out their functions.

Board regulations state that the maximum number of directorships their Board members can hold.

26. The Board should meet with the necessary frequency to properly perform its functions, at least eight times a year, in accordance with a calendar and agendas set at the beginning of the year, to which each director may propose the addition of other items.

Complies Partially complies Explain

The recommendation is partially fulfilled given that during 2017 the Board of Directors met on 7 occasions. The company considers that this number of meetings has been sufficient for the Board of Directors to perform effectively all the functions delegated to it.

27. Director absences should be kept to the bare minimum and quantified in the Annual Corporate Governance Report. When directors have no choice but to delegate their vote, they should do so with instructions.

33. The Chairman is responsible for the efficient functioning of the Board of directors, and therefore, apart from exercising the functions attributed by the Articles of Association, must prepare and submit the Board of directors a program including dates and items to discuss, organize and coordinate the periodic evaluation of the Board, as well as the Company's CEO, where necessary, being responsible for managing the Board and its effectiveness, ensure that

sufficient time is devoted to discussing strategic functions, and agree on and review programs designed to update each member's knowledge when necessary.

36. The Board of Directors must together carry out an annual plan to adopt an action plan to correct any deficiencies regarding:

- a. The quality and efficiency of the Board's operation.
- b. The functioning and composition of its Committees.
- c. The diversity in the composition and competencies of the Board of directors.
- d. The performance of the Chairman of the Board and the Company's chief executive.
- e. Each member's performance and contribution, paying special attention to the parties responsible for each committee.

The evaluation of the different committees will be based on the report they share with the Board of directors, with the latter submitted to the Appointments Committee.

The Board of directors will be assisted to carry out the evaluation by an external consultant every three years, whose independence will be verified by the Appointments Committee.

Any of the business relationships held by the consultant or any of its Group companies must be detailed in the annual Corporate Governance Report.

The process and the areas evaluated will be described in the annual Good Governance Report.

37. When the company has an Executive Committee, the breakdown of its members by director category should be similar to that of the board itself. The Secretary of the Board should also act as secretary to the Executive Committee.

Complies [] Partially complies [X] Explain [] Not applicable []

The composition of the Executive Committee follows the same structure as that of the Board of Directors, insofar as all categories of directors are also represented on this committee. However, the percentages are different:

Board of directors:

Executive Directors: 23.08%
 Proprietary Directors: 38.46%
 Independent Directors: 30.77%
 External Directors: 7.69%

Executive commission:

Executive Directors: 16.66%
 Proprietary Directors: 50%
 Independent Directors: 16.66%
 External Directors: 16.66%

The Chairman of the Board of Directors and the Executive Committee is an External Director.

38. The Board should be kept fully informed of the business transacted and decisions made by the Executive Committee. To this end, all board members should receive a copy of the Committee's minutes.

40. A unit must be created to take on the internal audit function under the supervision of the Audit Committee, to ensure the proper operation of internal reporting and control systems, which will report to the Non-Executive Director or the Head of the Audit Committee.

Complies [X] Partially complies [] Explain []

41. The head of internal audit should present an annual work program to the Audit Committee; report to it directly on any incidents arising during its implementation; and submit an activities report at the end of each year.

42. Apart from those included in legislation, the Audit Committee's role should be:

1. With respect to internal control and reporting systems:

- a) Monitor the preparation and the integrity of the financial information prepared on the Company and, where appropriate, the Group, checking for compliance with legal provisions, the accurate demarcation of the scope of consolidation, and the correct application of accounting principles.
- b) Monitor the independence of the unit assuming the internal audit function; propose the selection, appointment, reappointment and removal of the head of internal audit; propose the department's budget; approve its orientation and work plans, ensuring that its activity is chiefly focused on risks which are relevant to the Company, receive regular report-backs on its activities; and verify that senior management are acting on the findings and recommendations of its reports.
- c) Establish and supervise a mechanism whereby staff can report, confidentially and, where possible and considered appropriate, anonymously, any irregularities they detect in the course of their duties, in particular financial or accounting irregularities, with potentially serious implications for the firm.

2. With respect to the company's external auditors:

- a) In the event of resignation of the external auditor, reviewing the underlying reasons.
- b) Ensure that the fees paid to the external audit firm for work performed does not in any way compromise its quality or independence.
- c) See that the Company communicates any change of auditor to the CNMV as a significant event, accompanied by a statement of any disagreements arising with the outgoing auditor and the reasons for the same.
- d) Ensure that the external auditor holds annual meetings with the Board of directors to report on work performed, the accounting situation, and company risks.
- e) Ensure that the Company and the external auditor comply with current regulations on the provision of non-audit services, the limits on the concentration of the auditor's business and, in general, other requirements designed to safeguard the auditors' independence.

Complies Partially complies Explain

43. The Audit Committee should be empowered to meet with any company employee or manager, even ordering their appearance without the presence of another senior officer.

Complies Partially complies Explain

44. The Audit Committee must be informed on structural and corporate modifications planned by the Company, so that it may prepare an analysis and report to be presented to the Board of Directors on its economic circumstance and its accounting impact, and specifically on the proposed exchange ratio.

Complies Partially complies Explain Not applicable

45. Control and risk management policy should specify at least:

- a) The different types of risk, both financial and non-financial, (operational, technological, financial, legal, reputational...) the company is exposed to, with the inclusion under financial or economic risks of contingent liabilities and other offbalance-sheet risks;

- b) The determination of the risk level the company sees as acceptable;
- c) Measures in place to mitigate the impact of risk events should they occur;
- d) The internal reporting and control systems to be used to control and manage the above risks, including contingent liabilities and off-balance-sheet risks.

Complies Partially complies Explain

46. There is an internal risk control and management function which, under the direct supervision of the Audit Committee, or a special commission set up by the Board, exercised by an internal unit or department of the Company which will be granted the following functions:

- a. Ensure the correct functioning of its risk control and management systems, and in particular, to correctly identify, manage, and quantify all the important risks affecting the Company.
- b. Participate actively in the preparation of risk management strategy, as well as the processes for making important decisions regarding its handling.
- c. Oversee the risk control and management systems sufficiently within the framework of the policies defined by the Board of Directors.

Complies Partially complies Explain

47. The members of the Appointments and remuneration committees (or each committee, if separated) must be designated based on their knowledge, experience, and skills, which should be appropriate to the role they are expected to fulfill; the majority of the members must be independent directors.

Complies Partially complies Explain

The Appointments and Remuneration Committee is composed of four members, two of whom are independent and two are proprietary, none of them has executive status and is chaired by an independent director. All of them have been appointed in view of their knowledge, skills and experience. In the absence of a majority of independent directors, the Recommendation is therefore partially complied with by the Company.

The current composition of the Appointments and Remuneration Committee is established so that there is a reasonable balance between the Proprietary Directors and the independent Directors, based on the ownership structure of the Company, so that the relationship between one and another class of Directors reflects the relationship between stable capital and floating capital.

48. Large cap companies must have separate Appointment and Remuneration Committees.

Complies Partially complies Not applicable

49. The Remuneration Committee should consult with the company's Chairman and chief executive, especially on matters relating to executive directors.

Any board member may suggest directorship candidates to the Nomination Committee for its consideration.

Complies Partially complies Explain

50. The Remuneration Committee must exercise its functions observing independence and apart from those which are attributed by law, these include the following:

- a. Propose the Board of directors the standard terms for senior manager contracts.
- b. Ensure that compliance with the remuneration policy set by the Company is met.
- c. Periodically review the remuneration scheme applied to members and directors, including share-based compensation schemes and their application, and ensure that individual remuneration is proportionate to the amounts paid to other Company members and directors.
- d. Ensure that conflicts of interest do not have a negative effect on the independence of external consulting provided to the Committee.
- e. Verify that the information contained on the remuneration paid to top executives and directors in the different corporate documents is correct, including the annual report on remuneration paid to directors.

Complies Partially complies Explain

51. The Remuneration Committee should consult with the Chairman and chief executive, especially on matters relating to executive directors and senior officers.

Complies Partially complies Explain

The Committee consults with the Company's chief executive and the Board of Directors in full regarding matters related to executive directors and sensitive issues applicable to top management. Regarding top management, excepting these mentioned issues, are managed by the Appointments and remuneration committee.

52. The regulations governing the functioning of the supervision and control committees are defined in the Board of Directors Regulations, and are consistent with those applicable to those which are obligatory by law based on the above recommendations, including:

- a. They are exclusively comprised of non-executive directors, the majority of which are independent directors.
- b. Committees should be chaired by an independent director.
- c. The Board of Directors should appoint the members of such committees with regard to the knowledge, aptitudes and experience of its directors and the terms of reference of each committee; discuss their proposals and reports; and be responsible for overseeing and evaluating their work, which should be reported to the first board plenary following each meeting;

- d. They may engage external advisors, when they feel this is necessary for the discharge of their duties.
- e. Meetings must be reflected in minutes to be made available to the Board members.

53. The supervision of and compliance with the corporate governance, internal codes of conduct, and social corporate responsibility regulations is attributed to one or divided between several Board committees which may be: the Audit, Appointments, Social corporate responsibility (where applicable), or a specialized Board committee, to exercise its rights to self-organization, and decide to create those which have the following minimum duties for the above purposes:

- a. The supervision of the compliance with the Company's internal codes of conduct and codes of good governance.
- b. The supervision of the communication strategy and the relationships with shareholders, and small- and medium-sized investors.
- c. The periodic evaluations of the appropriateness of the Company's corporate governance are designed to promote the Company's interest, and should consider the legitimate interests of other interest groups, where appropriate.
- d. The Company's corporate responsibility policies are reviewed to ensure that they are focused on creating value.
- e. The monitoring of social responsibility strategies and practices and their degree of compliance.
- f. The supervision and evaluation of processes related to the different interest groups.
- g. The evaluation of all the Company's non-financial risks - including operating, technological, legal, social, environmental, political, and reputational.
- h. The coordination of the process aimed at reporting information which is not financial, and that which covers diversity, in accordance with applicable legislation and international standards of reference.

Complies [X] Partially complies [] Explain []

54. The corporate social responsibility policies will cover the principles and commitments the Company assumes voluntarily with regard to different interest groups, to identify the following, at the very least:

- a. The purposes of corporate social responsibility policies and the development of supporting measures.
- b. The corporate strategy related to sustainability, the environment, and social matters.
- c. Specific practices regarding the following: shareholders, employees, customers, suppliers, social environmental affairs, diversity, tax matters, respect for human rights, and the prevention of illegal conduct.
- d. Monitoring Methods or systems which analyze the outcome from applying the above specific practices, associated risks, and their management.
- e. Supervisory mechanisms for non-financial risk, ethics, and business conduct.
- f. Communication channels, participation, and dialog with interest groups.
- g. Responsible communication practices which hinder the manipulation of information while protecting integrity and honor.

55. The Company uses a separate document (or its Management report) to report on matters related to corporate social responsibility, using certain internationally- accepted methodologies.

Complies Partially complies Explain

56. External directors' remuneration should sufficiently compensate them for the dedication, abilities and responsibilities that the post entails, but should not be so high as to compromise their independence.

Complies Explain

57. Remuneration comprising the delivery of shares in the Company, share options or other share-based instruments, payments linked to the Company's performance or membership of pension schemes should be confined to executive directors.

Compensation by way of delivery of shares is possible when it is conditioned on the outside directors holding the shares until they cease to be directors. The above is not applicable to shares a Board member needs to sell, where applicable, to pay the costs related to their acquisition.

Complies Partially complies Explain

The Company considers that it partially complies with the recommendation, since the variable remunerations linked to the performance of the company and personal performance are not limited to executive directors.

In view of the special dedication required by the position of Chairman of the Board of Directors, which has the status of "other external", Mr. Echevarría receives a variable additional remuneration linked to the performance of the company and his personal performance.

58. In the case of variable remuneration, the related policies should include technical safeguards to ensure they reflect the professional performance of the beneficiaries and not simply the general progress of the markets or the Company's sector, atypical or exceptional transactions or circumstances of this kind.

Specifically, variable components of remuneration should:

- a. Be linked to predetermined and measurable performance criteria, and that the criteria contemplate the risk assumed for obtaining a result.
- b. They should promote the sustainability of the Company in the long term, including non-financial criteria, create long-term value, such as compliance with standards and procedures that are appropriate to the creation of long-term value in the Company.
- c. They are configured based on a balance between the compliance with short-, medium-, and long-term goals which make it possible to provide continual performancebased compensation over a sufficient period of time to be able to appreciate their contribution to sustainable value creation, so that the items which measure performance are not only focused on specific, occasional, or extraordinary events.

Complies Partially complies Explain Not applicable

The company considers that it partially complies with the criteria considered in the variable remuneration are solely economic content related mainly to the generation of value and profitability to the shareholder. The Company does not consider necessary to include other parameters for the calculation of the variable components of the remuneration.

59. Payment of a relevant portion of variable remuneration components differs during a minimum amount of time which is sufficient to determine that the previously- established performance criteria have been met.

Complies Partially complies Explain Not applicable

60. In the case of remuneration linked to company earnings, deductions should be computed for any qualifications stated in the external auditor's report.

Complies Partially complies Explain Not applicable

61. A relevant percentage of executive directors' variable remuneration is linked to the delivery of shares or financial instruments referenced to their value.

Complies Partially complies Explain Not applicable

62. Once the shares or options or rights corresponding to the remuneration schemes have been distributed, the members may not transfer the ownership of a number of shares equivalent to twice their annual set remuneration, nor may they exercise the options or shares until at least three years have passed since they were granted.

The above is not applicable to shares a Board member needs to sell, where applicable, to pay the costs related to their acquisition.

Complies Partially complies Explain Not applicable

The Company partially complies with this recommendation, as its three-year medium-term incentives plan for its Board members, approved during the 2017 general shareholders meeting, establishes that assigned shares must eventually be returned subsequent to the general meeting during which the financial statements are approved during the Plan's third year, as long as it is linked to Group companies. Therefore, the attribution of shares during the final years of the Plan do not meet the three- year period established herein.

63. Contractual arrangements include a clause allowing the Company to claim repayment of the variable components of compensation when the payment is not in accordance with performance conditions, or when the compensation has been paid based on information the inaccuracy of which is later manifestly demonstrated.

Complies Partially complies Explain Not applicable

The contractual agreements with the executive directors of the Company do not include a clause that allows the company to claim reimbursement of the variable components of the remuneration when the payment has not been adjusted to the performance conditions or when they have been paid according to data whose inaccuracy is accredited later.

The Company does not consider it necessary to include the aforementioned clause because it considers that the internal procedure for verifying compliance with variable components by the Board of Directors and by the Appointments and Remuneration Committee prevents them from being paid based on inaccurate data.

64. Contract termination payments must not surpass the established amount equivalent to two years' total annual remuneration, and may not be paid until the Company is able to determine that the director has met with all the previously established performance criteria.
